FC1320-P/PW Firmware Release Note

Release date	2013/12/30
FW version	AVer_V1.0.40
Brand	AVER
Model	FC1320-P (1.3M Cube type, wired model with PoE) FC1320-PW (1.3M Cube type, wireless model without PoE)
Integration with AVer NVR	IPCam Patch _1.5.1014.3
Notes	
Bugs fixed	
1	**Issue:** If users upload the config file of FC1320-P into FC1320-PW, the latter's model name and server name will be covered by FC1320-P. In this case, users have to press "Reboot" botton to recover the original model name. Solution: This new FW can fix this bug and users don't need to reboot the device to get correct model name.
